SUMMARY

Senior Mobile Engineer with 5+ years of experience designing, developing and delivering production-grade cross-platform mobile apps with Flutter and React Native. Works in Clean Architecture, BLoC, TypeScript and modular design, automates CI/CD, and owns Android and iOS releases end to end, across enterprise SaaS, government, social and commerce.

SKILLS

Mobile: Flutter, React Native, React

Languages: Dart, TypeScript, JavaScript (ES6+), Node.js (basic)

Architecture: Clean Architecture, Modular Architecture, Component-based design, BLoC, Redux, Hookstate, React Context API

API and backend: REST APIs, WebSocket, Payment gateways

CI/CD: GitHub Actions, Fastlane, Bitrise, Git

Platforms: Android Studio, Xcode, Google Play Console, App Store Connect

Testing and monitoring: Jest, React Native Testing Library, Firebase, Sentry, Crash monitoring, Performance optimisation

EXPERIENCE

Software Engineer, Pixelque Pvt. Ltd. Aug 2025 – Present

- Own production React Native enterprise apps for B2B customers, from architecture to store.
- Improved stability by 30% with Sentry monitoring and performance work.
- Cut development effort by 40% with reusable components and modular architecture.
- Made release cycles 60% faster with Fastlane deployment pipelines.
- Delivered 20 production features with Product, QA, Backend and Design in Agile sprints.

Senior Flutter Developer, Lovoj Technology Pvt. Ltd. Oct 2023 – Jul 2025

- Led Flutter B2B and B2C fashion commerce apps on Clean Architecture and BLoC.
- Cut app startup time by 30% through rendering optimisation and performance tuning.
- Improved development efficiency by 45% with reusable widgets and modular components.
- Shipped Android and iOS releases and raised quality through code reviews.

Mobile Application Developer, Perfect Ergonomics Pvt. Ltd. Jun 2023 – Oct 2023

- Led architecture and development of government apps with Flutter and Clean Architecture, including Kapaas Mitra for CITI and ICAR-CICR.
- Cut security vulnerabilities by 40% with secure authentication and input validation.
- Improved app performance by 30% through API optimisation.

Mobile Application Developer, Codenia Technologies LLP Mar 2022 – Jun 2023

- Built production apps for social networking and eCommerce in Flutter and React Native.
- Built video, live and chat features for Viddi's Android apps (Java): VPeeps (100K+ installs), VPeepme, Park and Mirage Edge, and owned their Play Store releases.
- Integrated REST APIs, payment gateways, push notifications and media.
- Supported Android production deployments with GitHub Actions.

Android Developer Intern, DGTLmart (Khetan Enterprises) Dec 2021 – Jun 2022

- Built screens and features for production Android apps at DGTLmart.
- Fixed bugs and improved UI quality across releases.
- Learned the release loop end to end: builds, testing and Play Store publishing.

SELECTED PROJECTS

Quality management for manufacturers (Enterprise SaaS · React Native). Built a B2B quality-management app end to end for 10 enterprise customers, with a shared component library, Fastlane releases and Sentry monitoring.

Consumer shopping app (eCommerce · Flutter). Built a production Flutter shopping app for 10,000+ users, with payment gateway checkout, Firebase Cloud Messaging and automated Android deployment.

B2B and B2C fashion marketplace (Fashion commerce · Flutter). Led B2B and B2C fashion commerce apps on Clean Architecture and BLoC; cut startup time by 30% and shipped to the App Store and Google Play.

Kapaas Mitra (Agriculture · Government · Flutter). Led architecture of government apps including Kapaas Mitra (cotton productivity, CITI and ICAR-CICR); secure authentication and input validation cut vulnerabilities by 40%.

VPeeps and the Viddi apps (Social · Live video · Android (Java)). Android (Java) developer on VPeeps (100K+ installs), VPeepme, Park and Mirage Edge: video, live and chat features, and Play Store releases.

EDUCATION

Master of Computer Applications (MCA) · Lingaya's Vidyapeeth, Haryana · 2017 – 2020 · GPA 9.3 / 10

Bachelor of Computer Applications (BCA) · D.A.V. Centenary College, Haryana · 2015 – 2018

ADDITIONAL

Languages: English (fluent), Hindi (native)

Practices: Agile, Scrum, Code reviews, Release management, Cross-functional collaboration
